

AETHER SPECIALTY TEA CARTRIDGE

AETHERFILTERS.COM

Your tea program is only as good as your water

Poor water quality and incorrect filtration are main causes of unappealing tea qualities (cloudiness, off-taste) that tea is so susceptible to. Not all filters are created equal and water destined for tea has special needs. Aether Specialty Tea Cartridges utilize our patented foam technology for reduction and control of bacteria and other harsh water contaminants to ensure your tea is served with the same quality and taste, every time.
